No problem. My immediate management is all on travel this week, so I'm not sure what kind of response time we'll get, but hopefully we'll get this moving again.

I've let my division director know we can resume the signature process. Thanks.

**Importance:** High

Sara,

So sorry for the confusion on who is signing first. I have been working on the MM2A proposal and following this process to get to signature, but have not been directly involved. From the email below it looks like Bill Wehrum has reviewed the memorandum and has no changes to the document. OECA can staff this guidance memorandum for signature and then send it to Bill for his signature. Can you arrange that please?

Thank you, Debra

Debra, Per our conversation. Thanks for working with Sara to clear this. Bill

Sara,

Bill W. is good with this. I think the plan was for Susan to sign first and then the package would come to Bill for his signature?

Per Bill Lamason's request, here is the version of the guidance document OECA has prepared for Susan Bodine's signature. Please let me know if you have questions or need additional information. Thanks.
